Happenings of This and Other Nations  
For Seven Days Are  
Given.

### THE NEWS OF THE SOUTH

What is Taking Place in the South-  
land Will Be Found in  
Brief Paragraphs.

#### European War

The Kaiser is reported to be actively preparing for a big spring campaign on France. Troops are now being rushed to the French border so that attacks may be made to strike at Paris just as soon as the weather breaks.

Petrograd claims that the German forces in the east have been repulsed along the Polish border and that the Teutons have been forced across the Nieman river and driven back to Prazansky.

The French and English Mediterranean squadrons which have been bombarding the Dardanelles are reported to have silenced the Turkish forts along the natural waterway and are within a few miles of Constantinople. The French warships are now busy dragging the straits for Turkish mines.

Holland's resentment of the German attitude toward the preservation of neutrality in British zone waters has reached a high state of indignation in Amsterdam, The Hague, Rotterdam and other Dutch cities. The government, it is reported, is preparing to declare war against the German empire. Holland insurance loan rates as a consequence have taken a decided jump on the New York, London and Paris stock exchange markets.

Turkish successes have been reported on the Isthmus of Suez. The British forces have been reported beaten and the Ottomans are said to have crossed the canal into Egypt, according to advices from Alexandria.

Germany has sunk five English steamers, two Norwegian and one French merchant liner in the British war zone in the first week of her blockade on Great Britain.

It is reported the Kaiser will abandon his attempt to invade Russia, but will be content merely with protecting his own eastern boundaries. Heavy losses of life by the severity of the Russian climate have brought the emperor to a realization of what Napoleon encountered, it is said, and he will not attempt the impossible.

The French have announced a decided success at Les Eparges where two German regiments were cut to pieces by the fire of the French. The German losses were over 3,000 killed and 600 left on the battlefield.

The Russians are reported to have checked the German advance along the East Prussian border.

A German submarine fired on a passenger boat in the English channel was carrying neutral passengers aboard.

The Berlin war office has announced through the leading German press that the English flag has disappeared from the North sea.

A German Zeppelin bombarded the city of Calais on the French sea coast. Ten bombs were dropped on the city, killing five people. No great damage was done any of the buildings.

The French war office announces victories over the Germans near Lom-bartzyde, between the Lys and the Aisne, in the Argonne, on the Souain-Beaurevoir front, at Fontaine-Aux-Charmes, Marie Therese and Blois.

A second attack was made by the Germans on Rheims, which has been successfully repulsed by the French forces who drove the Teutonic troops back with heavy losses. German losses are also reported in Alsace, where the French have taken the village of Stossweiler, which is one of the direct roads to Strassbourg, which they hope to capture in the spring.

The English war office expects to declare a complete blockade against Germany so that all importations may henceforth be barred.

#### Foreign

Germany is reported to have favored President Wilson's vigorous note regarding the English water war zone declaration and the admiralty office in Berlin will send word that the Kaiser is willing to life the ban provided England will cease the contraband on foodstuffs. England's attitude is doubtful, but it is believed she will obstinately maintain her present position.

After conferring with President Wilson, Secretary Bryan called Ambassador Page authorizing him to make a full investigation of the disaster and determine the nationality of the mine.

James Bryce, former British ambassador to the United States, made public a statement in London declaring his approval of President Wilson's position in regard to the German and English blockade an impediment of neutral shipping, and menacing of life on the high seas.

An American freight steamer, the Carib, owned by Savannah people and sailing from that port with a cotton cargo for Bremen, was sunk in the North sea off the German coast by a mine in a manner similar to the Ever-

Ambassador Page at London has submitted to England a demand from the United States that the belligerents cease menacing neutral trade. Sir Edward Grey has submitted the American proposal to both France and Russia.

Holland is indignant over the attitude of Germany, it is reported in Amsterdam.

#### Domestic

Charles Becker, former lieutenant of police in New York City, and convicted in the murder case of Herman Rosenthal, has been denied a third trial.

Arguments before the United States Supreme court have been concluded in the Leo Frank case. It is expected the court will reach its decision some time before it adjourns for its annual June recess.

Investigation has begun in New York of the charges against the Hamburg-American line preferred by the British consul to New York City, which state that company has violated the neutrality laws in trying to impress Norwegian liners into German service.

Captain Boy-Ed, an attaché of the German legation at Washington, has been charged with writing anonymous letters which may lead to international complications.

Carter H. Harrison, five times mayor of Chicago, was defeated in the Democratic city primaries for renomination for a sixth term by Robert M. Sweitzer, clerk of Cook county, by a vote of 75,000. Although Mayor Harrison was a Suffragist, nearly all the women's vote went to his opponent. Mayor Harrison's father, Carter H. Harrison, was also five times mayor of Chicago, and was assassinated while in office. The present mayor served four consecutive two-year terms, was out six years, and is now concluding his first four year term. The Republican nomination is close, with Judge Olson slightly in the lead over his opponent, William H. Thompson. As Chicago is overwhelmingly Democratic Sweitzer is looked upon as the next probable mayor.

In a Washington's birthday address at Morristown, N. J., former President Taft highly praised his successor, Woodrow Wilson, and declared his approval of President Wilson's attitude and policies especially in regard to the handling of the European war situation. Judge Taft denounced jingoism and the calamity howler and said the American people should be thankful at this time that they have an executive who was trying to so closely follow the advice of President Washington.

Revival of the Missouri night riders made famous during the days of Jesse James, has been reported in night raids made on all negroes in the vicinity of New Madrid, Mo.

Piute Indians in Utah have started an uprising and are giving the United States troops of the western department considerable trouble in chasing them through the mountain passes. A small battle is reported at Bluff, Utah, where five men were injured from the Indians' guns.

President James of the University of Illinois does not believe in nepotism and demanded the resignation from the university faculty of Prof. George Enfield Fraser, the controller of the institution, when the latter married the president's daughter, Miss Helen James. Professor Fraser has been offered a lucrative position with a large Chicago chemical house.

Ernest Thompson-Seton, author, naturalist and artist, has retired from his activities at the head of the Boy Scout movement in which he has so long been interested. He is now in England, where, it is understood, he will reside throughout the remainder of the war.

#### Washington

Both houses of congress will rush the appropriation bills through the remaining days of the present session. All care is being exercised in providing for the national defense.

President Wilson has named the federal trade commission, which comprises Joseph E. Davies of Madison, Wis., Democrat, seven years; Edward N. Hurley of Chicago, Democrat, six years; William J. Harris, Cedarhurst, Ga., Democrat, five years; William H. Perry, Seattle, Progressive Republican, four years, and George Rublee, Cornish, N. H., Progressive or Bull Moose, three years.

The United States Supreme court enters next month on an active calendar filled with important cases including the Oklahoma and Maryland "grandfather clause" laws, the Indiana safety appliance law, the West Virginia two-cent passenger fare law, the Ohio and Kansas motion picture censor laws, the Oregon minimum wage law, the California eight-hour law and the Ohio anti-screen coal law.

The house of representatives paid respects to the memory of the late Senator Bacon of Georgia with appropriate memorial services, over which Congressman Bartlett presided. The senate's tribute to the departed statesman was held some weeks ago.

Delivering a eulogy on George Washington before a large congregation in one of the national capital's churches, Speaker Clark declared the father of his country the "foremost uninspired mortal in the entire history of the human race." He said his greatest achievement was not as conqueror of England and hero of the Revolution, nor as first president of the United States, but as the presiding genius of the Constitutional convention, and that it was his influence over that body that made the American republic and the spirit of western Democracy possible.

#### IMPACTION IN WORK HORSES

Animals Are Turned Out to Old  
Straw Stack and Allowed to  
Shift for Themselves.

(By DR. I. E. NEWSON, Colorado Experiment Station.)

This is the time of the year when impaction of the bowels is most common to work horses. The animals having little to do are turned out to an old straw stack or coarse alfalfa and allowed to shift for themselves. Owing to the cold weather they drink little water and the coarse food not being properly moistened clogs the intestines. This is more liable to be the case if the teeth are not in first-class condition, for then the food is not finely ground in the mouth. Looking after the teeth and giving an occasional bran mash will materially reduce impactions.

#### COMPOSITION OF EWE'S MILK

Different Breeds Show Some Variation  
in Fat Content—Lamb Needs Good  
Laxative at First.

An analysis of ewe milk shows it to be very high in fat content. The different breeds show some variation in this regard, and there is a considerable variation in the fatty content of the milk of a single ewe at various times. All ewes give richer milk immediately after the lamb is born than they do later on.

The percentage of fat sometimes runs as high as 11 per cent at this time. Nature made this arrangement, no doubt, because the lamb needs a laxative at first to set its digestive apparatus in motion and free it of feces that have been collecting during its pre-natal growth.

#### His Turn Next

Diner—See here, where are those oysters I ordered on the half shell?

Waiter—Don't get impatient, sah. We're drefle short on shells; but you're next, sah.—Boston Evening Transcript.

## "CASCARETS" ACT ON LIVER; BOWELS

No sick headache, biliousness,  
bad taste or constipation  
by morning.

Get a 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

#### He Certainly Did.

"Smithers," said the lawyer to his clerk, "what is Mr. Jarley's telephone number?"  
"Do you wish his exact number?" asked the busy clerk, absent-mindedly.

#### IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's  
Recipe to Darken and Beautify  
Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Adv.

#### Diagnosed.

"How did you know your patient had appendicitis, doctor?"  
"I operated on him."

#### NEVER HAD A CHILL

After taking ELIXIR BABEK, my little daughter, 10 years old, suffered nearly a year with chills and fever, most of the time under the doctor's care. I was discouraged and a friend advised me to try ELIXIR BABEK. I gave it to her and she has never had a chill since. It completely cured her. Mrs. Cyrus Helms, 302 E. St., N. E., Washington, D. C. ELIXIR BABEK 50 cents, all druggists or by Parcel Post prepaid from Kloczewski & Co., Washington, D. C.

So-called friends are plentiful—as long as your money holds out.

## ENGLAND'S ANSWER IS A BIG BLOCKADE

ASQUITH SAYS GERMANY WILL  
GET NO MORE SUPPLIES  
FROM NEUTRALS.

#### IS TAKEN IN SELF-DEFENSE

Asks Patience of Non-Belligerents,  
Saying That Allies Find it Ne-  
cessary to Adopt This Policy.

London.—If the combined fleets of Great Britain and France can prevent it, no commodities of any kind except those now on the seas henceforth until the conclusion of the war shall reach or leave the shores of Germany. This is England's answer to Germany's submarine blockade and it is to be effective forthwith.

Premier Asquith reading from a prepared statement, made this announcement in the House of Commons at a session. Studiously avoiding the terms "blockade" and "contraband"—for these words occur nowhere in the prepared statement—the Premier explained that the Allies considered themselves justified in attempting and would attempt "to detain and take into port ships carrying goods of presumed enemy destination, ownership or origin."

The Premier emphasized, however, that vessels and cargoes so seized were not necessarily liable to confiscation, and begged the patience of neutral countries in the face of a step likely to injure them. He added that in making such a step the Allies had done so in self-defense.

"We are quite prepared," he went on, "to submit to the arbitrament of neutral opinion and still more to the verdict of impartial history, that in the circumstances in which we have been placed we have been moderate; we have been restrained; we have abstained from things that we were provoked and tempted to do, and we have adopted a policy which commands itself to reason to common sense and to justice."

Every member of the House not at the front in khaki or unavoidably detained was in his seat and there was frequent cheering. The galleries were packed. When the Premier concluded his set statement and turning to the Speaker said:

"That sir, is our reply!" There was a tremendous outburst.

Before the Premier had finished the newspapers were on the streets proclaiming:

"Our answer to Germany."

It was apparent everywhere that the entire Nation had been chafing for reprisals against the sinking of merchant craft by submarines. The Premier prefaced the reading of his statement with these words:

"The statement declares in sufficiently plain and unmistakable terms the view we take, not only of our rights, but of our duties."

#### BOYCOTT JAPANESE GOODS.

Chinese Society of San Francisco

Starts Far-Reaching Embargo.

San Francisco.—A nation-wide and ultimately world-wide boycott on Japanese products is the announced aim of a Chinese society organized here. The embargo has been started by Chinese-Americans in an attempt to force Japan to recede from her demands on the Chinese government.

A propaganda-spreading campaign for the formation of similar societies in all the larger cities of the United States was begun simultaneously with the organization of the parent society.

Numbered in the new society, which has not been named, but is described by its secretary, M. Q. Fong, a merchant, as a purely patriotic organization, is every Chinese merchant in the city.

#### Mexican Gunboat Blown Up.

Washington.—Private advices received here from headquarters of the Ward Line in New York report the blowing up of the Mexican gunboat Progresso in Progresso harbor with the loss of 19 of her crew.

#### Idaho Prohibition Bill Signed.

Boise, Idaho.—Governor Alexander signed the prohibition bill which makes the manufacture or sale of intoxicating liquor in Idaho unlawful after January 1, 1916.

#### Russia to Get Free Passage.

Paris via London.—The Temps asserts that an agreement has been reached between France Great Britain and Russia regarding the future status of the Dardanelles which will give Russia free passage to the Straits.

#### Blockade Cost Cotton \$1.

New York.—Cotton broke 19 points or nearly \$1 a bale here upon receipt of authentic news of the Allies' plans to place a blockade against shipment of all commodities to German ports. October contracts sold off from 9.05 to 8.86. It was feared that the check in cotton shipments to Germany would weaken the spot market as well. The action of the Allies had been discounted to some extent, however, and the outstanding cotton interest was comparatively limited.

## Our New Semi-Automatic Telephone System

Now in use in the city is ten years ahead of the times. Here is how it behaves: As soon as the operator understands the number you are calling you will instantly hear in your receiver the first ring. If your party does not answer this ring you will hear each subsequent ring every nine seconds. You are thus able to ring your party as long as you desire by simply waiting. If the line you are calling is busy you will instantly hear the hum of the busy signal. If you want to call a second number, one motion of the receiver hook will bring a sure response from the operator.

No loss of time. No "butting in" on your connection by the operator. No danger of being shot in the ear by the ringing current. No eavesdropping by the operators. 1550 subscribers. Give us your order for a telephone today.

North State Telephone Co.

NOT IN THE TRUST.
